For the Complete Technology & Database Professional

About the Independent Oracle Users Group

The Independent Oracle Users Group (IOUG) enables Oracle users to enhance their productivity through education, to better solve business issues with best practices and networking, and to have influence with Oracle Corporation. The IOUG represents the voice of Oracle technology and database professionals serving nearly 20,000 database administrators, developers, architects, technical managers, and other Oracle professionals worldwide.

Learn About the Benefits of Corporate Membership

As an IOUG Corporate Member company, each individual included underneath the corporate umbrella will be able to:

- Receive *SELECT Journal*, the quarterly technical publication produced by leading industry authorities representing vendor and end user perspectives.
- Receive key IT research findings from the IOUG ResearchWire reports.
- Perform your job more effectively and efficiently with access to tested tips, techniques and best practices from the IOUG's Library of Oracle Knowledge (LoOK).
- Obtain timely access to industry news, organization updates, technical content and special member offers from vendors in the IOUG's twice monthly e-newsletter, 5 Minute Briefing: Oracle.
- Take advantage of member discounts including savings on registration to COLLABORATE 09: Technology and Applications Forum for the Oracle Community, May 3 – 7 in Orlando, FL.
- Find and share real-life solutions by joining an IOUG Special Interest Group (SIG) or Regional User Group (RUG).
- Be a part of the premier network of Oracle technology professionals!

Become an MVOP

The IOUG Most Valued Oracle Professional (MVOP) program is designed to bring significant additional benefits to member companies representing a significant portion of the Oracle user community and have a large investment in Oracle technology. Through a portfolio of offerings customized for each participating company, employees receive the highest level of IOUG member benefits. Program offerings include specially priced corporate membership, the opportunity to hold a face-to-face meeting at COLLABORATE 08, support in establishing a company-specific Regional User Group (RUG) and private website. In addition, MVOP status affords the company invitation to participate as IOUG member representatives in key Oracle events such as beta testing and focus groups. If your company has more than 20 individuals interested in IOUG membership, you may qualify as an MVOP! Special pricing is available for larger memberships. To see if your company qualifies as an MVOP please contact:

Tom Kyte of Oracle Corporation and OTN's "Ask Tom" says:

"I am a big advocate of the IOUG and try to do what I can to support it. I strongly encourage all of you who call Oracle your career to become part of it. The networking alone is worth it. Meet people in your area from other walks of life who do the same thing for different companies. Hear how they do it; share how you do it. This is a great organization with great technical content and strong leadership."
